Dear Nimrod,

Next week I take part in *Crop Innovations and Regulations (CIR)* conference

[CIR conference \(video\)](#)

I am very excited about this conference!

It is the first time that I take part in it, and already as an **Invited Speaker**.

On the second day of the conference (Sept. 6th), I have my presentation. I work on this presentation for over a week now.

I have changed it so many times, that I have lost count.

Hopefully, I will find the right **Images** and **Words** to express what I think and feel. One thing is sure, whatever happens, I will share it with you :- )

Once again, the link to the [video](#).

Wishing you a great peaceful weekend,

Regards,

Nimrod

P.S. Pest control and regulation should be openly discussed, by all. This is why I share the above video with you. Look at it, and make an effort to send your questions.

P.P.S. Our food, our health and the future of the coming generations is not the sole business of multinational companies or a handful of regulators.

Make a change; leave your mark by actively taking part in CIR conference - Send Me Your Questions, today :-)

I will make sure your voice is heard.
